Company profile EU

Enterijer Janković is award winning company with a 30 year proud tradition of delivering a comprhensive range of bespoke interior design & buildservices and solutions for luxury residential and commercial properties.

As a multi-discplinary high-end build interior design company, Enterijer Janković can offer design solutions FF&E manufacturing: production, coordination , organization and supervision of all interior works.

We have a proven record of excellence which is demonstrated in our diverse and memorable portfolio of coplex multi-disciplinary, multi year projects of furnishing numerous high profile and inspiring hospitality, luxury residential and commercial properties.

,,I have dedicated my entire life to interiors.
Focused my own personal education, structured the core business and set the course for strategic development of my company with the sole objective of providing people with beautiful interiors and quality of living, while creating unique design aimed at maximizing comfort and enjoyment.''

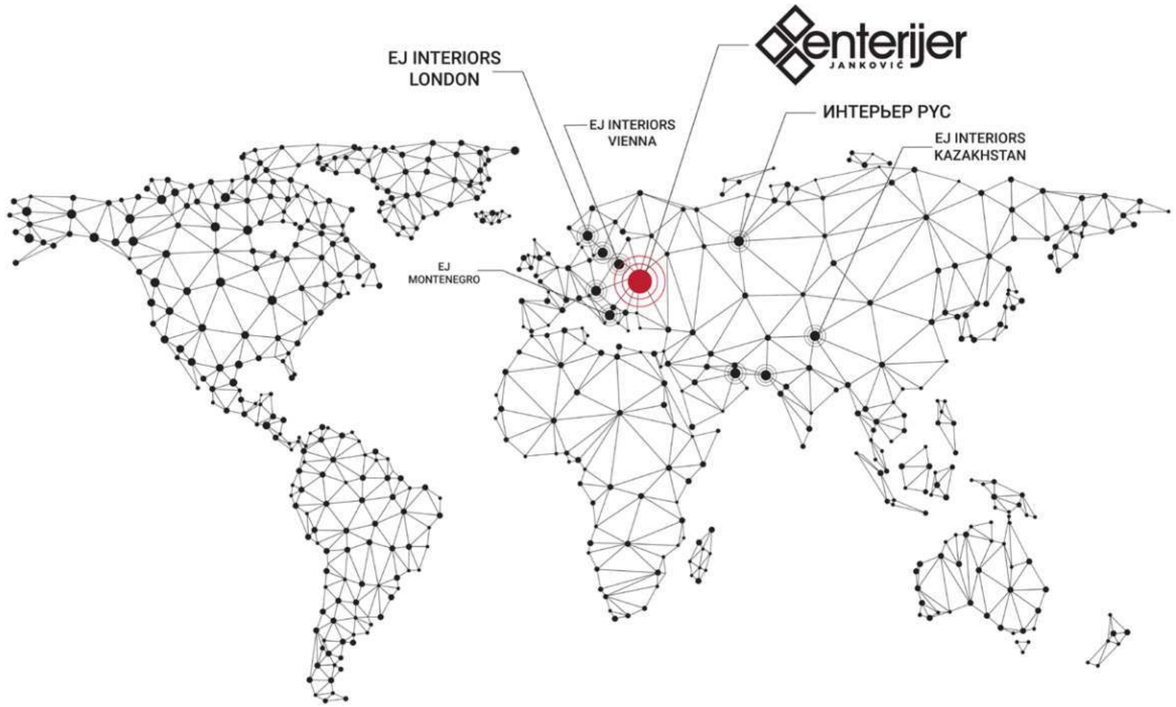
Božo Janković
EJ GROUP CEO

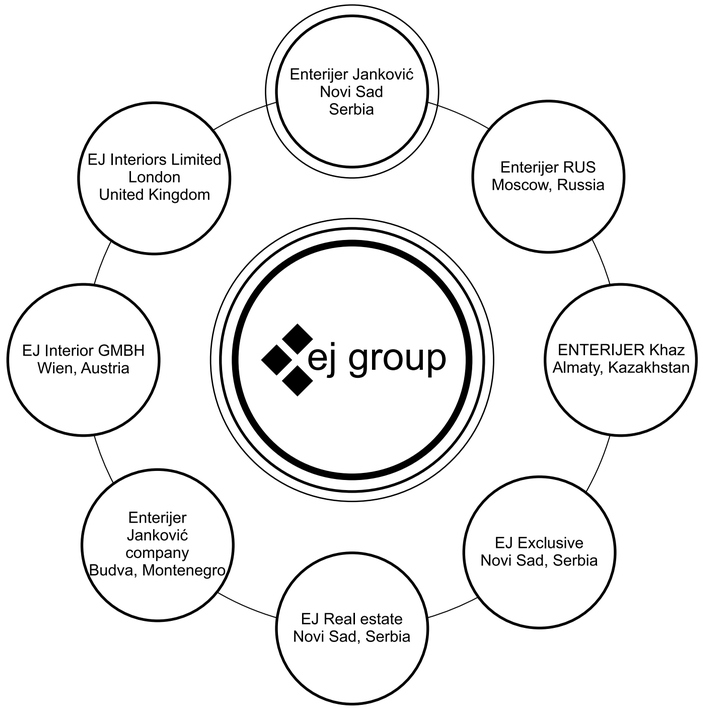
700+
employees

5000+
completed projects

1000+
satisfied clients

We employ more than 700 professionals, including 60 architects,engineers and other highly skilled workers, who work meticulously and in a close cooperation with our manufacturing experts.

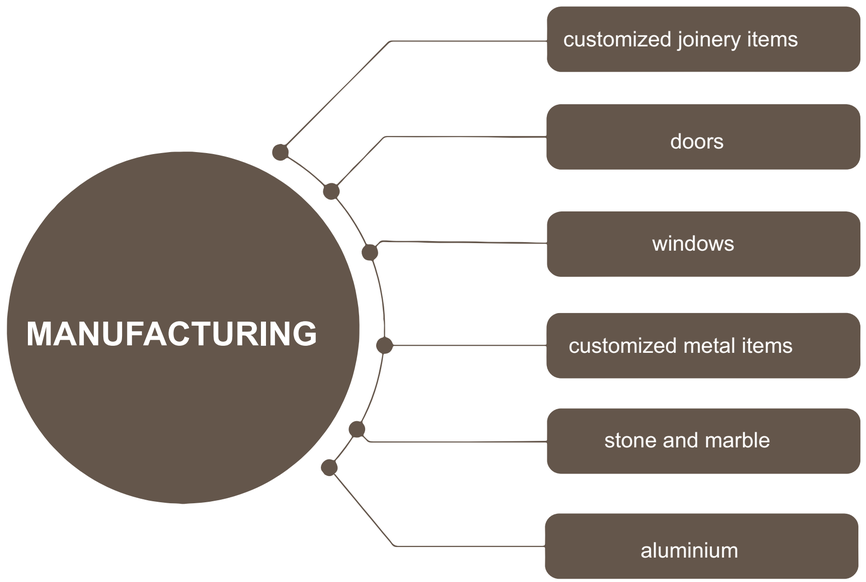


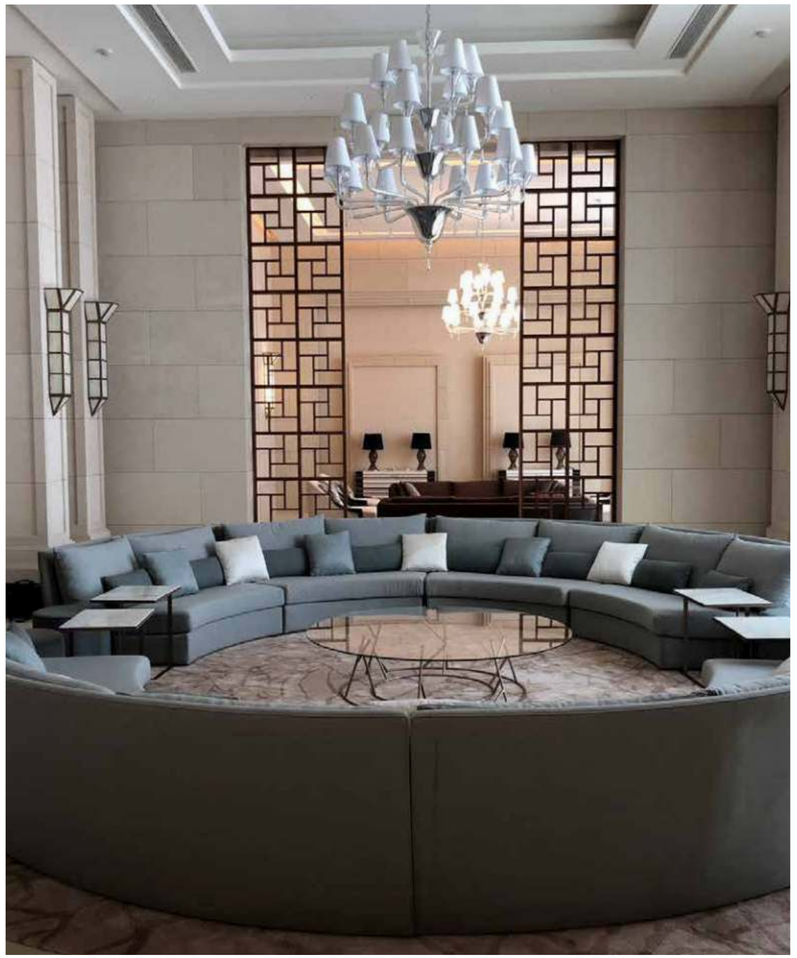


Ever since we became a recognisable and respected supplier in diveres markets of EU, UK, RF, UAE,
Enterijer Janković continues to conquer new markets and win impressive large scale of projects boldly and confidentialy.

Enterijer Janković Group production facilities spans across 50,000m2 and is divided in three manufacturing plants, each specialized for specific range of products for interiors . Our company proudly boasts a wide range of services.

Enterijer Janković Group manufacturing facilities comprise the plants for manufacturing of case goods and other loose furniture, including upholstered furniture, joinery, chairs, doors, windows, stone processing and stone fasade plant and aluminium plant.





Our goal is to create a unique and inovative solution that will be a perfect balance between functionality and aesthetics. Our rich expirience in the fild of interiors supports us in offering superior quality Turnkey Interior Contractors Service.

Understanding and respecting client’s needs and expectations are our main driver, heart of our approach and our absolute priority. We engage our client’s in the design process as their needs drive the solution and accuracy of the delivered product. Each assignment is approached with a distinguishing philosophy – to create unique, imaginative spaces of quality and integrity, while mindful of the budgets and timeframes.
